

Barratt Homes' Construction Newsletter

Road closures

On the 9th, 10th and 11th January, Barratt require closure of Surrey Quays Road for delivery of a new tower crane for construction of the next phase.

We apologise in advance for any inconvenience this may cause, but have set out the area affected by the closure, together with alternative routes.

Please note that buses will also be diverted, but we do not have information about the routes they will be following. [Please see overleaf for overview of diversions.](#)
